

Learning Inspires Curiosity  
Curiosity Inspires Learning  
Lifting you stand where...

CARING → TRUSTING → \*Positive environment\*  
\*Relationships\* → \*Motivation\*  
Sharing experiences can renew, energize, inspire, and create enthusiasm  
Responsibility can understand

VISION

Enthusiasm is contagious  
Affirmed when others energizing  
Community learning is renewing  
Leaders can set the tone  
Completed a task  
Affirmed when energizing  
New challenge is inspiring  
The purpose of the learning can inspire  
Creative discovery  
formal education can be an interruption to the real education  
inspire, and create enthusiasm

- Confident in your knowledge
- Valued
- Affirmation
- Shared leadership → learn from each other
- Needs purpose to be a differentiator
- Teacher that you've done well

Positive Learning is different for different people

The challenge of the new experience

- Different people
- Different completion

- Interaction with group & teacher
- Interest in topic → willing to same goal
- feeling of mastery
- ability to explain means
- concrete knowledge
- transferable knowledge

- comes from Relationships with teachers
- responsibility
  - positive environment
  - trust
  - comfortable

When inspired you are willing to share your knowledge with others

Seeing Connections  
• between ideas / disciplines  
• to real world

Task vs people  
orientation
