

Themes / Questions / Ah-ha Moments. ①

Continuum -
- All part of a
circle

Take a piece
out & it falls apart
- Reciprocal relationship
+ sense of community
→ What do we do to reconcile?
Foundational to ←
everything

Curiosity - inspires
learning + learning inspires
curiosity

- Often we teach the "facts" or cut of book. ②
- Rarely ask others (student) who get it to do the teaching.
- Focus on knowledge rather than on the people.
- What are we there for?
A focus on purpose & connect.

The best product
does not sell itself
in a vacuum. There
are relationships.
Trust is built!

What makes for better
accountability?

- what is the check
+ balance
- need grass roots to
ask questions
- desert a 'sinking ship'

Parents should have say & their voice
will be considered - who is the parent?

What is ^{Minimum} ^{standards} ^{that} ^{why} ^{we} ^{want} ^{it} [?] ^(A)
accountability

Public education vs. ^{value} ^{vs.} ^{bureaucratic} ^{construct}

private education.

What role do values play

Public education feels

compelled to make parents

feel incompetent. Parents

do not have the training. What

do they know? - What are

their alternatives?

Reinforcing process

moral (5)

What is our purpose?

Is it to raise good children or ethically challenged people to run Enron? - narcissism

Drive the drive out of kids - vitality

Shut up & sit down.

Don't let kids be who they are - Who am I?

What are the foundational beliefs or values? ⑥

- Moral compass

- not religious, but spiritual

What are the consequences over the next generation?

"Elite" is not recognizing the shortfalls - control, fear

Want to keep their \$120k/yr jobs - conform, compliant

Create world changers. ⑦

Vitalize & affirm the
value in people

Going in opposite direction

Those who do are doing
from self-interest.

True leaders have overcome
a lack of "education" - Branson

Without failure, can
there be success.

Add + not replace
our core values.

8

Change is excellent.

to grow

- Servant-leadership

Experience similar as
the tools change
+ evolve.

Anybody can be a teacher.

- Corner

played school @ home
Not just a role of a teacher
- not a piece of paper

More qualified less
able.

Spend too much time
trying to please everyone
so just moving along
the surface instead
of getting down deep.

Build skills to deal with
reality of life truly
lived.

People live up or down to
expectations.

A disconnect between
every tower + classroom.

Dumbing down education.

Set the bar high & expect
kids to reach for it.

Avoid double-standard.

Don't need to spell out
- tacit knowledge

Michael Potanyi

What is home like? (Black Swan)

- raise the bar - heck!
- smaller box

We are all home-school parents
who are rudely interrupted
to send "our children" to
school!
